

# **Toilet Instructions**

---

**Help us keep Hidden Lake clean and pristine.  
Please use the toilet properly.**

1. Before use, remove seat cover and place 2 bags in bucket. Double bagging ensures there are no leaks. Replace seat cover and use it to secure bags in place.
2. Cover bottom of inner bag with kitty litter.
3. Sit down, relax, and enjoy the scenery.
4. To avoid exceeding the bag's capacity, we recommend you change the bag once per day or more frequently depending on the size of your party. Repeat step 1 with 2 new bags.
5. Before vacating the platform please use the wipes provided to clean the seat cover. Return toilet and supplies to container.
6. Upon leaving the platform be sure to bring your securely sealed bags as well as any other trash you accumulated. Remember there is a strict pack-in/pack-out, Leave No Traces policy. Please bring all waste home with you and properly dispose of it.
